3.1 Execution Plan- From signing LOI to building Showroom

Strategy: Fast market entry through our Caballito dealership (central urban area) and development of a flagship dealership in Parque Leloir

Note: execution plan to be aligned with OJ team

Brand Positioning

- **Global leader in New Energy Vehicles (NEV)** with advanced hybrid and electrified technologies.
- **Proven success in Europe**, including Top 6 best-selling automotive brands in the UK and strong growth in Spain.
- **Strong presence in Argentina's fastest-growing segments**, with a portfolio focused on B-SUV and C-SUV customers.
- **Position technology and innovation as key differentiators.** Advanced hybrid systems, connectivity, ADAS technologies, and modern design create a compelling alternative to traditional brands

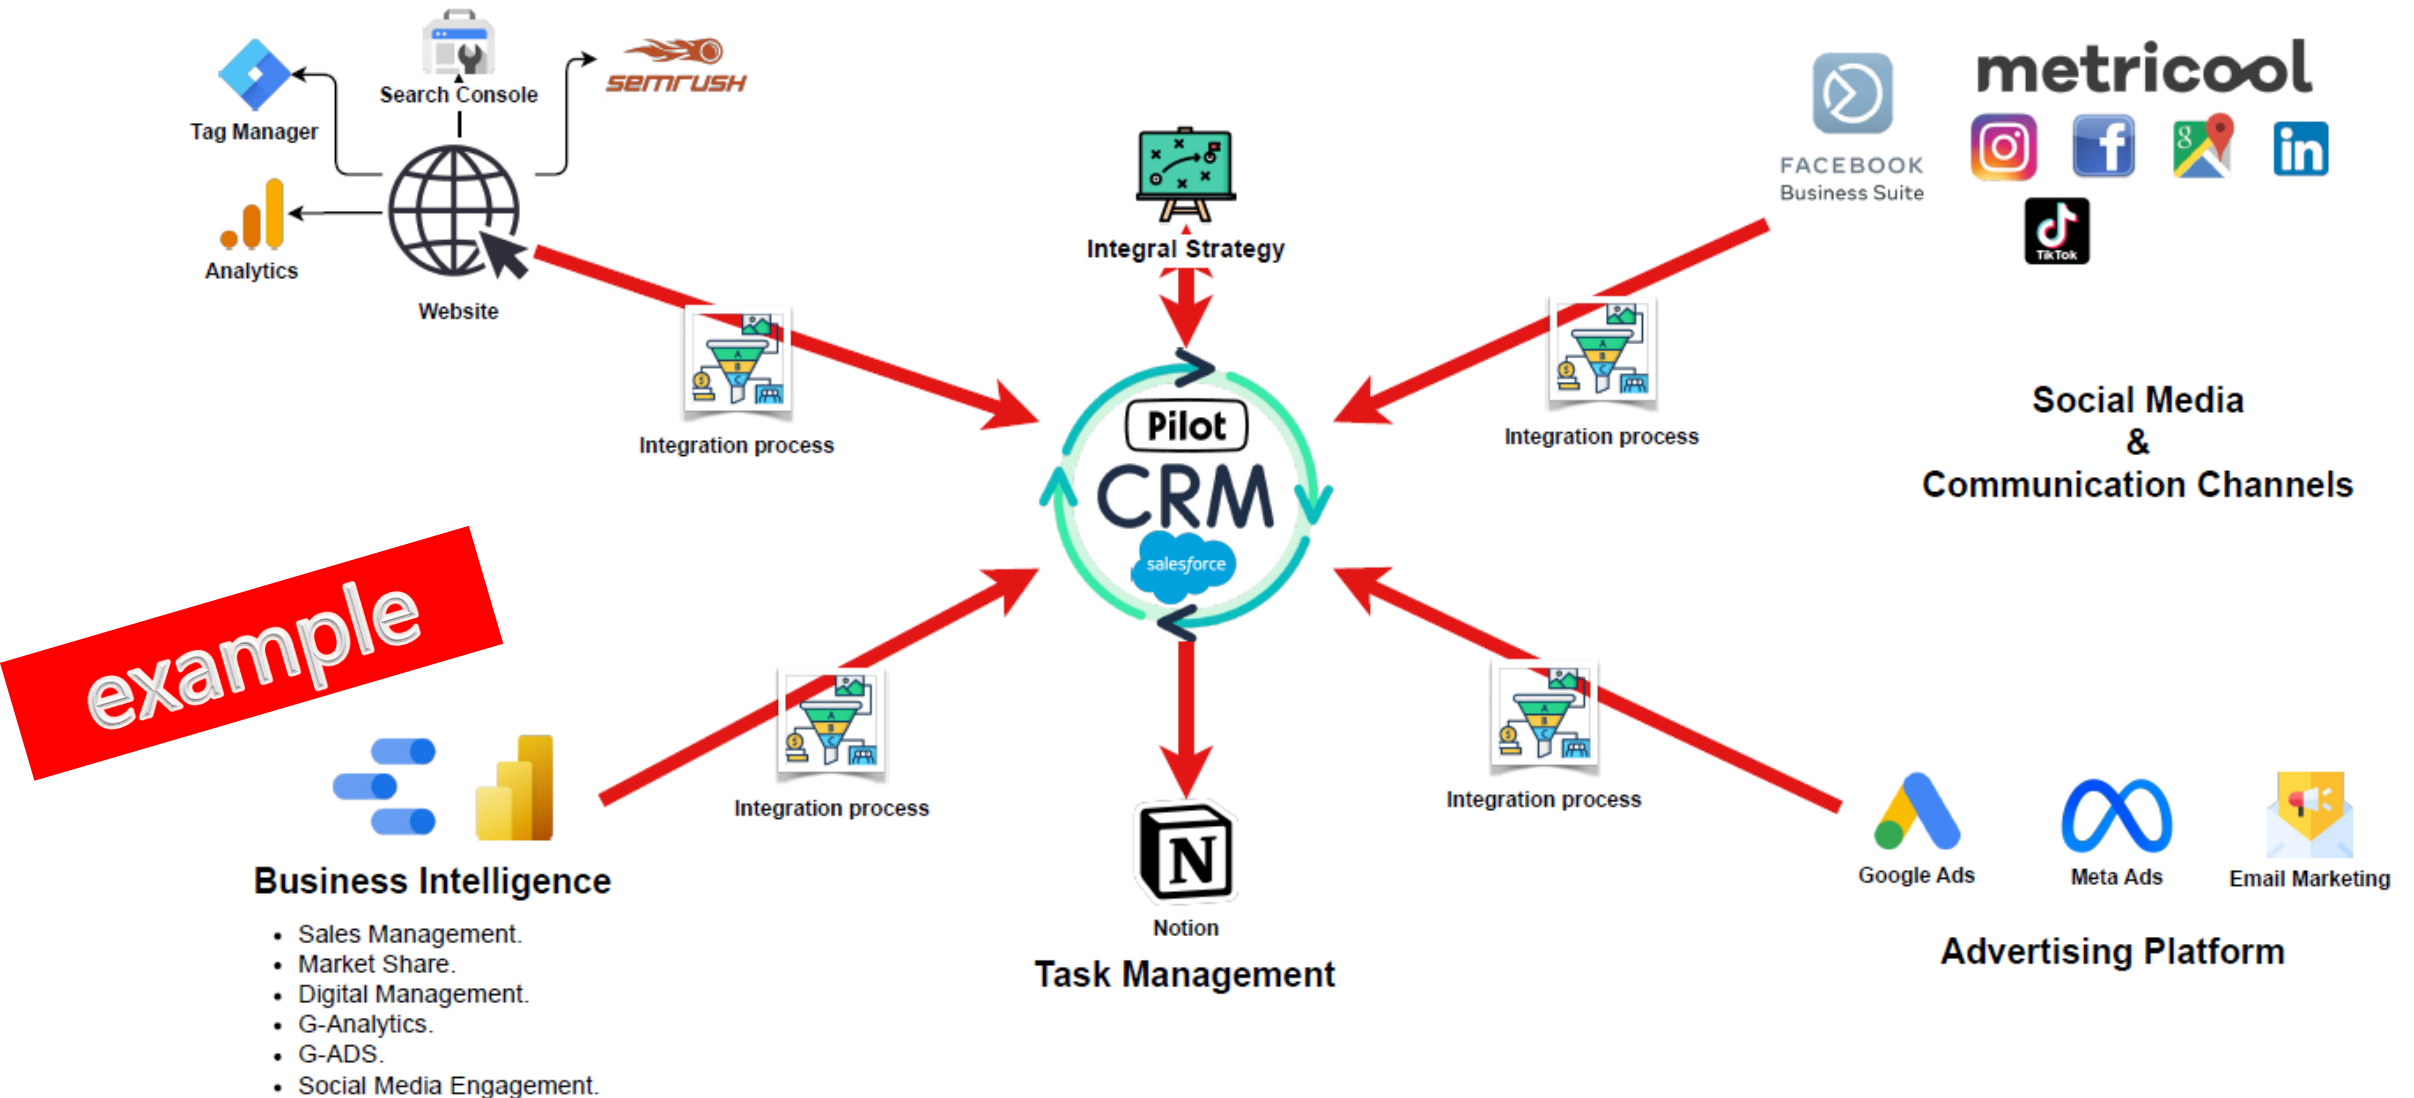

Sales Strategy

- **Leverage leadership in West Buenos Aires**, combining deep local market knowledge with a customer base of **+106,000 contacts**.
- **Business through digital marketing.** Always-on lead generation, test drive events, shopping mall activations, and community programs.
- **Conquest sales within the SUV market.** Focus on customers currently driving B-SUV and C-SUV models, highlighting Omoda & Jeacoo's technology, design, safety, and electrified powertrains
- **Maximize retention through an outstanding ownership experience.** Strong aftersales capabilities, fast service response, customer follow-up, and long-term relationship management

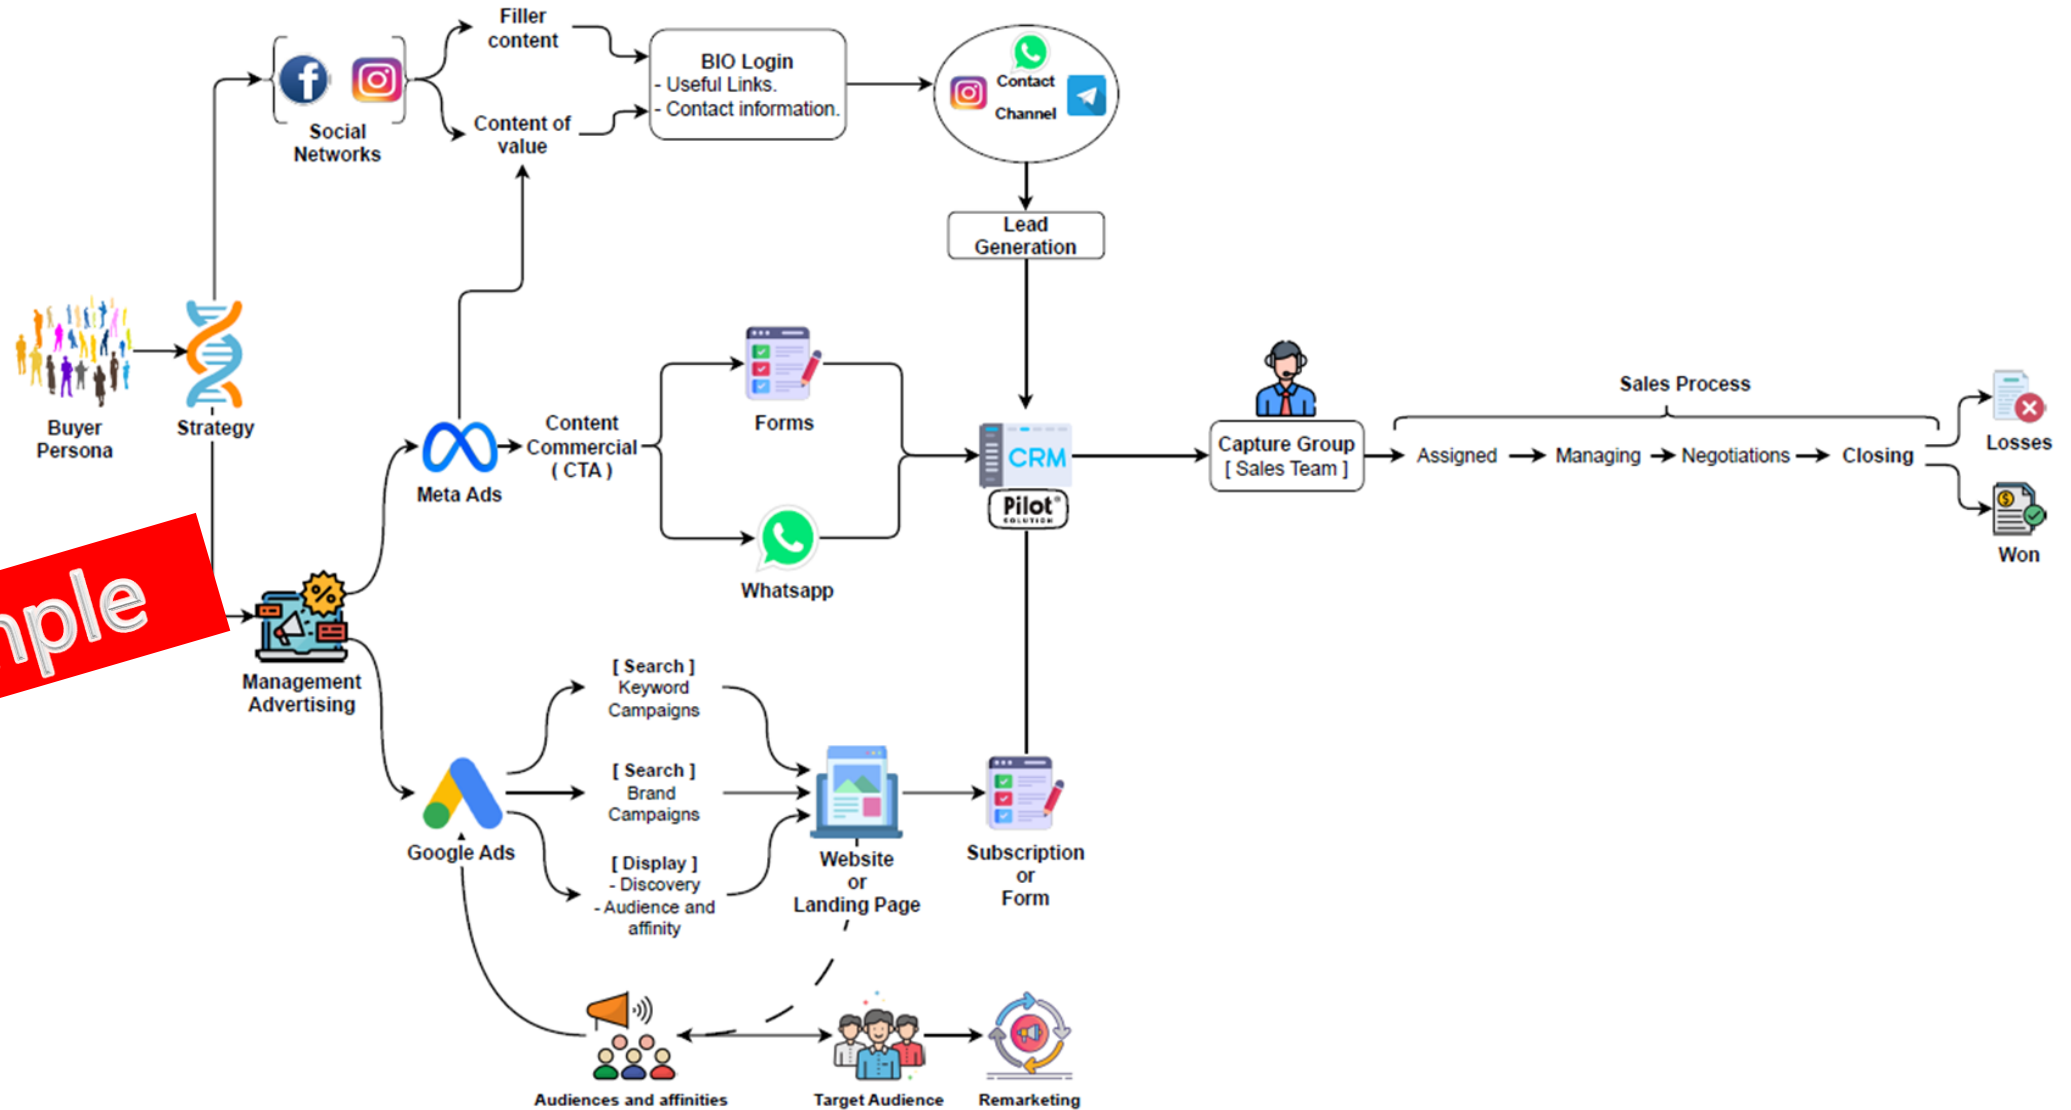

Aftersales Strategy (Competitive advantage leveraging our group's structure)

- Fast appointment scheduling and minimized waiting times.
- Pick-up / drop-off service – mobile workshop for light maintenance.
- First-time fix approach.
- Strategic stock of fast-moving spare parts.
- Preventive maintenance programs with automated reminders and prepaid service packages.
